KNOW MORE ABOUT THIS CHALLENGE

About you:

- Energetic self-starter with an interest in digitization, community building and a passion for social projects
- Great sense of empathy and ability to get along with people from all walks of life
- Looking to empower newcomers through education that delivers impact beyond grades and certificates
- Team player with excellent people skills
- A good communicator with fluency in 'spoken and written' English and German
- Solid project management and organizational skills

About us:

- Use tech to connect human potential and opportunity with dignity and humility
- Focus on providing students with useful skills, appreciated by the tech industry and academia, to support their accelerated integration
- Lots of heart and a fast-paced opportunity-driven non-profit, aiming for big, measurable impact
- Community driven and co-creative approach to societal innovation
- Born in Berlin with ambitions to make a difference Germany wide → EU wide → worldwide.
- Front and center in the refugee conversation with close contacts to thought leaders from business, government, civil society and academia
- Reliable, helpful, caring and playful: those are our organizational values

About the role:

- You support with all tasks around communication, press and media
- You are working with communication professionals and with a huge variety of companies supporting ReDI School. A great chance to build a strong network.
- You help to organize partner events as HR Summit, Tech Talks & Workshops
- You are creatively supporting fundraising
- You are actively supporting partner communication with newsletters, social media, media relations or campaigns
- You take care of the Partner and press Database
